YOU AND YOUR MEMBERSHIP

If posted, please make yourself known to us at your first recital attended and tell us that you are a new member.

Membership of Music on Sundays also entitles you to entry to presentations at the **Bognor Regis Music Society** at their members' rates, on production of your membership card. For details please ask the Secretary for a copy of their current programme.

To make your membership enjoyable and mutually beneficial we would be glad to have any comments which you might like to make. It could be that you are interested in particular areas of music or that you play an instrument or sing. You may like to be involved in some of the activities of the Society and if so, please feel free to approach a committee member.

We hope that you will have an enjoyable time with us. One of the advantages of a small society such as ours is that it is much easier to enjoy the rapport which exists between the audience and the artists. We hope you will make the most of the opportunities offered by membership.
